

# TRANSFER DT paper FOR OUR PLANET

## The paper-based solution without compromise

The TRANSFER DT paper guarantees no compromises have to be made.  
Not in terms of our planet or your transfer business. Processes are  
just as stable and colors just as intense as with film solutions.  
At the same time, it helps reduce plastic waste and conserve  
finite resources by using a renewable raw material.

# TRANSFER DT paper

You want to take responsibility for our planet without compromising on quality? We have you covered. Get to know your benefits of our paper-based solution for textile transfers and help drive the change.

## DID YOU KNOW?

By 2050 our oceans might contain more kilograms of plastic than fish. It's up to all of us to make our contribution.
