PAPER MADE FOR LIFE

FELIX SCHOELLER

S-RACE® – TAKING DYE SUBLIMATION PAPER INTO THE FUTURE

S-RACE® dye sublimation paper is impressively fast, efficient, and precise in every detail. It is the ultimate choice for printing houses of any size that consistently want to deliver outstanding quality.

Therefore we promise:
S-RACE® – made to impress.

S-RACE® – FEATURING GROUNDBREAKING AND ADVANCED TECHNOLOGY

1

Printing

Print on the S-RACE® microporous color receiver layer with every standard water-based dye sublimation ink.

2

Ink absorption

The microporous color receiver layer quickly absorbs huge amounts of ink. This results in quickest drying of print, enabling the user to start subsequent production steps immediately and reach high optical densities.

3

Ink release

During the transfer process, the stored ink in the S-RACE® coating is activated earlier by the applied heat compared to swellable coatings. This results in quicker transfer times. The ink is then released exactly in the position it has been printed – for perfect line sharpness and detailed reproduction.

THE S-RACE® – PORTFOLIO

We offer a wide variety of **S-RACE®** papers to meet your exact wishes. Our papers provide consistent results of the highest quality, living up to all different requirements, no matter the volumes or applications involved

S-RACE® FOR TEXTILE APPLICATIONS

S-RACE® ACTIVE 75

For sports apparel and other suitable applications like fashion and home decor.

S-RACE® ALLROUND 100

For all kind of textile applications such as sportswear or signage.

S-RACE® TERRA ALLROUND 100

For all kind of textile applications such as sportswear or signage. Base paper made of 100% recycled fibers.

S-RACE® FOR FLEXIBLE / ELASTIC TEXTILES

S-RACE® TACKY 100

For sublimation prints on elastic textiles.

S-RACE® TACKY ULTRA 100

For sublimation prints on elastic textiles. With stronger tack level (adhesive capabilities)

S-RACE® TERRA TACKY 100

For sublimation prints on elastic textiles. Base paper made of 100% recycled fibers.

S-RACE® FOR HARD SUBSTRATES

S-RACE® VIVID 120

Especially designed for sublimation onto all kinds of polyester-coated hard and soft substrates.

S-RACE® PHOTO PANEL PRO 120

Designed for large format professional productions on ChromaLuxe® panels.

S-RACE® PRODUCT OVERVIEW

PER APPLICATION SEGMENT

APPLICATION SEGMENTS											FORMATS				
Product	Grammage in g/m ²	Textiles					Hard substrates					Roll width (cm)			
		Fashion	Home Decor	Sports	Soft Signage	Merchandise	Photo Panels	Interior & Architecture	610	111.8	132.0	162.0	180.0		
S-RACE® Active 75	75	○	○	●	○						●	●	●	●	●
S-RACE® Allround 100	100		○	●	●						●			●	
S-RACE® TERRA Allround 100	100		○	●	●									●	
S-RACE® Tacky 100	100			●				●			●			●	
S-RACE® TERRA Tacky 100	100			●							●			●	
S-RACE® Tacky Ultra 100	100			●							●			●	
S-RACE® Vivid 120	120					●		●			●			●	
S-RACE® Photo Panel Pro 120	120										●			●	

- Recommended key applications
- Other suitable applications
